

RISK MANAGEMENT POLICY

MOLD-TEK PACKAGING LIMITED

1. Introduction

The Company considers risk management fundamental to maintaining efficient and effective operations and generating and protecting shareholder value. The management and oversight of risk is an ongoing process integral to the management and corporate governance of the Company's business.

2. Policy Objectives and Outcomes

The Board determines the Company's tolerance for risk. The Company's risk management system is designed to assist the Company to achieve its strategic and operational objectives. It aligns with the vision, strategy, processes, technology and governance of the Company and provides for:

- appropriate levels of risk taking;
- an effective system for the management of risk across the Company;
- protection against incidents causing personal injury and property damage;
- development of risk management and control plans to reduce or minimise unforeseen or unexpected costs;
- an ability to identify, prioritise and respond to risk in a manner that maximizes opportunities;
- reliable financial reporting and compliance with laws, regulations and standards;
- sound insurance management practice; and
- protection of assets from planned and unplanned events.

The risk management function is supported by the Audit Committee.

3. Key Risk Areas

The areas of potential risk to the Company include:

- operations;
- human resources;
- competition;
- regulatory (both domestic and international);
- equity and commodity prices;
- intellectual property;
- environmental;
- technology;
- occupational health & safety;
- financial;
- strategic;
- reputational;
- legal;
- market share and/or size; and
- other Company risks.

4. Risk Tolerance Level

The Company is aware that an overly cautious approach to risk management may have a harmful impact on the achievement of strategic and operational objectives. The Company will adopt a risk management strategy that aims to identify and minimise the potential for loss while also maximising strategic opportunities for growth in enhanced service delivery and profitability.

However, specifically in respect of tax matters, the Company will adopt a low risk approach to the management of its tax obligations to ensure that it is at all times in compliance with tax law.

5. Roles and Responsibilities

Board Responsibility

The Board is responsible for the oversight of the risk management framework. This includes: policies and procedures related to risk management, risk profile, risk management and assessing the effectiveness of risk oversight and management.

Audit Committee

The Audit Committee is responsible for advising the Board on risk management and compliance management and to assist the Board in fulfilling its risk management and oversight responsibilities relating to (among other matters):

- the Company's risk profile and risk policy; and
- the effectiveness of the Company's risk management framework and supporting risk management systems.

Senior Management

Members of the executive management of the Company (“Senior Management”) are responsible to ensure that systems, processes and controls are in place to minimise identified risk to an acceptable level.

Employee Responsibility

All employees must report any new risks or changes to existing risks to their managers or supervisors as soon as they become aware of the risk.

External Auditor

The external auditor is responsible for providing an independent opinion of the financial results of the Company. In undertaking this role, the external auditor also provides comments on the management of risk and assists the Company in the identification of risk.

6. Reporting

Senior Management must report new risks or changes to existing risks to the Chief Executive Officer or Chief Financial Officer as soon as practicable after becoming aware of the risk.

The intended outcomes of the risk management program include:

- the establishment of a robust risk management framework and internal control system that enhances the Company's ability to meet its strategic objectives;
- improved operating performance and reliable internal and external reporting;
- increased awareness and management of risk; and
- compliance with policies and procedures and applicable laws and regulations.

This policy will be reviewed at least annually by Senior Management and the Audit Committee to ensure its effectiveness, continued application and relevance. At the same time, the Audit and Risk Committee will also review the Company’s general risk management framework to satisfy itself that it continues to be sound.
